

IN-CUSTODY DRUG TREATMENT PROGRAM

SACRAMENTO COUNTY RIO COSUMNES CORRECTIONAL CENTER

ICDTP EXCLUSIONARY CRITERIA (Per OSATS ICDTP Policies and Procedures - Policy #8.00)

Parolees who are unwilling to participate in the program

Parolees who are required to register pursuant to PC 290 and/or PC 457.1

Parolees with any conviction for an offense under PC 667.5(c) or who are who are CDCR-validated gang members shall be reviewed on a case-by-case basis.

Civil Narcotic Addicts

Active or potential United States Immigration and Customs Enforcement (USICE) detainees

Felony holds or warrants that may result in additional incarceration following the inmate's release from CDCR custody

Parolees pending court adjudication on open cases and who possibly will be required to complete county jail time.

Interstate cases

Local Jail Facility Restrictions (see below)

LOCAL JAIL EXCLUSIONARY CRITERIA

Any medical condition requiring housing in the Medical Housing Unit or special pod (i.e., wheelchair, cane, walker, insulin-dependent diabetic, C-PAP machine)

All psychiatric patients

Parolees who need on-going medical/dental treatment requiring transport to special care facilities or cases which would be a burden to jail staff

Southern Mexican gang members

Any parolee requiring special housing outside general population [i.e., Total Separation, Administrative Segregation, Protective Custody, Gang Dropouts]

Any inmate with in-custody history of assaultive or disciplinary behavior

Parolee convicted of PC243(c), 245(c), 245.2, 245.3, 245.5 (battery/ADW on Peace Officers/Fireman/Custodial Staffs/School Employees)

Parolee with history of escape or attempted escape

IN-CUSTODY DRUG TREATMENT PROGRAM

TULARE COUNTY ADULT PRE-TRAIL FACILITY

ICDTP EXCLUSIONARY CRITERIA (Per OSATS ICDTP Policies and Procedures - Policy #8.00)

Parolees who are unwilling to participate in the program

Parolees who are required to register pursuant to PC 290 and/or PC 457.1

Parolees with any conviction for an offense under PC 667.5(c) or who are who are CDCR-validated gang members shall be reviewed on a case-by-case basis.

Civil Narcotic Addicts

Active or potential United States Immigration and Customs Enforcement (USICE) detainees

Felony holds or warrants that may result in additional incarceration following the inmate's release from CDCR custody

Parolees pending court adjudication on open cases and who possibly will be required to complete county jail time.

Interstate cases

Local Jail Facility Restrictions (see below)

LOCAL JAIL EXCLUSIONARY CRITERIA

No PC 290 or PC 457.1 cases

No EOP Cases

No USINS/Interstate or Civil Addict cases

No Bulldog gang members

No Southern gang members

No Validated gang members

No Parolees which require ongoing medical/dental treatment requiring transport to special care facilities or cases which would be a burden to jail staff.

No one pending court/local charges or who have active warrants.

No protective custody cases (alternative lifestyle individuals are placed into protective custody).

CCCMS cases should be stable.

The restrictions for the female program are the same as the male program with the exception of pregnant females:

No female can be admitted into the program that is within 100 days of their due date.

No females with problem pregnancies or complications which would require special care or ongoing medical treatment.

IN-CUSTODY DRUG TREATMENT PROGRAM

MERCED COUNTY - JOHN LATORRACA CORRECTIONS CENTER

ICDTP EXCLUSIONARY CRITERIA (Per OSATS ICDTP Policies and Procedures - Policy #8.00)

Parolees who are unwilling to participate in the program

Parolees who are required to register pursuant to PC 290 and/or PC 457.1

Parolees with any conviction for an offense under PC 667.5(c) or who are who are CDCR-validated gang members shall be reviewed on a case-by-case basis.

Civil Narcotic Addicts

Active or potential United States Immigration and Customs Enforcement (USICE) detainees

Felony holds or warrants that may result in additional incarceration following the inmate's release from CDCR custody

Parolees pending court adjudication on open cases and who possibly will be required to complete county jail time.

Interstate cases

Local Jail Facility Restrictions (see below)

LOCAL JAIL EXCLUSIONARY CRITERIA

No Bull Dog gang members.

No participants on psychiatric medication.

No outstanding warrants.

No complex medication issues (No benadryl, Neurontin, Belladonna, Vistaril, Vicodin). This list is not all inclusive but would include any medication used to assist in withdrawal symptoms related to substance abuse addictions. All parolee's prescribed such medication must be screened and approved by the Medical Administrator for the Sheriff Department and they have indicated that these parolees will not be accepted at the Merced ICDTP.

Keep in mind, cases which require ongoing medical/dental treatment would not be good candidates for this program and will be denied into the Merced ICDTP with pre-existing medical/dental needs. It would place a burden on jail staff and they would not receive full benefit from the program due to absences (they are only allowed a certain number of absences from class before being discharged). Also, cases which are pending court/local charges, or have active warrants would also not be good candidates for the same reason.

Parolee's that are within a 120 days of their Controlling Discharge Date are not recommended due to imminent discharge. DARS has noted that funding stops effective upon a parolees discharge date. Our provider, Westcare, has indicated that it would not be in the best interest of the participants clinically, nor the program, to place the participants in treatment with an imminent discharge date while in treatment.

Any CCCMS case should be stable and **not taking psychiatric medication.**

IN-CUSTODY DRUG TREATMENT PROGRAM

KERN COUNTY - LERDO FACILITY

ICDTP EXCLUSIONARY CRITERIA (Per OSATS ICDTP Policies and Procedures - Policy #8.00)

Parolees who are unwilling to participate in the program

Parolees who are required to register pursuant to PC 290 and/or PC 457.1

Parolees with any conviction for an offense under PC 667.5(c) or who are who are CDCR-validated gang members shall be reviewed on a case-by-case basis.

Civil Narcotic Addicts

Active or potential United States Immigration and Customs Enforcement (USICE) detainees

Felony holds or warrants that may result in additional incarceration following the inmate's release from CDCR custody

Parolees pending court adjudication on open cases and who possibly will be required to complete county jail time.

Interstate cases

Local Jail Facility Restrictions (see below)

LOCAL JAIL EXCLUSIONARY CRITERIA
